

NEWSLETTER No. 4

05.12.2018

importance for the Green Entrepreneurship. The most positive feedback from the participants was that the CPD training and curriculum learning materials were available at any time openly and freely in six languages.

The final meeting of the GET-UP project took place from 28th to 29th of November 2018. During this meeting, open questions were clarified and the last tasks were fixed before the project is completed.

At the end of the GET-UP project, the partners resumed from the resonance of the target group that this project was successful in every aspect. By creating the development and promotion of new curriculum resources to support the growth of the green economy, a first milestone was set. This milestone will help to promote the EU 2020 priority for intelligent, sustainable and inclusive growth.

We are grateful for your support and the interest you have shown in our project over the last 28 months.
